SWACHHATA AWARENESS MESSAGE

“Work on cleaning from your side, And make India feel the pride.”

Cleanliness is important in our life as well as the nation. It is well known that Mahatma Gandhi personally took the effort to achieve the change that he wanted to see. It is important to create awareness on cleanliness among the people and inculcate a feeling of nationality among them.

So it should be given a priority. We should always remember that our country is our main home. So we should actively participate in **Swachhata Mission** to make our country clean. It is also essential for the protection of the environment and our future.

“Cleanliness is not just about the absence of dirt, but the presence of a positive and healthy environment.”
